

MISSION STATEMENT

Aerospace Inspection Training's mission statement is to further aerospace NDT reliability and the probability of detection (POD) of defects by providing our customers with **NDT Training, Examination and Outside Agency services to a consistently high standard.**

We shall achieve this mission with the highest quality of customer services, delivered with a sense of warmth, friendliness, individual pride and company spirit.

We shall identify achievement of this mission by being the continued preferred choice of the majority of aerospace companies worldwide.

A handwritten signature in black ink, appearing to read 'S. A. W. R. A.' with a stylized flourish at the end.
